

Miscellaneous Information

Asbestos Update

In compliance with the Environmental Protection Agency regulations, it is required annually to inform school building occupants of the status of asbestos-containing materials in each school. Qualified architects for the Heritage Park High School building have certified that this building contains no asbestos containing materials to the best of their knowledge. A copy of this letter is on file in the building, the Maintenance Office and at the Central Office.

The Daviess County Public School district is committed to adhering to the law concerning asbestos and is continually striving to make our buildings safe places to work and learn.

Work Form

All senior (12th grade and above) students must have a Co-Op work form on file unless they are enrolled at Owensboro Community and Technical College. In order for a student to be considered full time, seniors must be enrolled in OCTC or have a job working a minimum of 15 hours a week. With proper documentation turned in to the school and meeting required deadlines, a senior student is able to earn 0.5 credit every grading period. The following pages have sample forms that are used for work documentation. If you should have any questions, please contact the Co-op teacher, Ms.Fischer, or the Guidance Counselor, Ms. Fleming.
