

**Daviness County Board of Education
Regular Board Meeting**

February 18, 2021 4:30 PM
Matt Robbins, Superintendent
1622 Southeastern Parkway
Owensboro, KY 42303

Mr. Todd Anderson, Board Vice-Chair, attended the meeting virtually from Bowling Green, FL.

The Daviness County Board of Education met pursuant to notice for the Board of Education meeting in Owensboro, KY, on Thursday, February 18, 2021, at 4:30 p.m. The meeting was held at the Daviness County Board of Education office located at 1622 Southeastern Parkway, Owensboro, KY.

Pursuant to Executive Order 2020-243 and a memorandum issued by the Finance and Administration Cabinet dated March 16, 2020, and in an effort to prevent the spread of the novel coronavirus (COVID-19), the Daviness County Board of Education will meet utilizing a video teleconference. Members of the public will not be permitted to attend the meeting in person, but are encouraged to view the meeting on the district YouTube channel – <https://www.youtube.com/user/DCPSTV/live>.

During this time, the Board will suspend Board Policy 01.421 – Public Participation in Open Meetings. However, members of the public are invited to submit questions or concerns to DCPS Superintendent Matt Robbins via email at contact@dcps.org.

5. DCBE MISSION STATEMENT

Mr. Frank Riney read the mission statement.

6. COMMUNICATIONS

6.1. Good News Report

Mr. James Morgan shared the good news report for February.

Empower U embraces a spectrum of dual credit and career-focused programs provided for students as early as middle school and continuing throughout high school.

Students can choose from pathways in agriculture, engineering, life sciences, early college, coding, advanced placement or technical courses. Dual credit courses empower students to earn an associate's degree from our partner community college while still in high school.

Students graduate from Empower U programs with knowledge and confidence as they move forward toward success in college, career, and life.

Empower U programs are currently accepting registration for classes to begin next year, including our new Agriculture Academy. We encourage families and students to explore these incredible opportunities! On behalf of the Board of Education, we extend sincere appreciation to the many educators who make these programs possible, with a special word of thanks to our College and Career Readiness team of Amanda Jerome, Trey Pippin and Kelly Spaw.

7. PROPOSED AMENDMENTS TO THE AGENDA

There were no proposed amendments to the agenda.

8. SUPERINTENDENT'S REPORT

8.1. Superintendent's Remarks

This meeting remains on virtual status and I want to extend appreciation once again for the continued flexibility and cooperation of our Board of Education and Administrators as they set an example of RESILIENCY for our students.

This week's winter weather prompted us to declare two "snow days" this week and then finish the week with two NTI days. Decisions regarding instructional status are always difficult - but the process is made easier by going back to our foundational commitment to safety. Thank you to the educators, parents and everyone who works so hard to support continued teaching and learning for our students.

We are very fortunate that before the arrival of this weather system, we were able to complete the entire first round of COVID-19 vaccinations for all members of our staff, including substitutes and volunteers, who wished to receive one. The second round is scheduled for the first two weekends in March. We are currently working on an additional round of vaccinations that will embrace the employees who were unable to participate in the first round for various reasons, including being on quarantine or in “positive” status at that time. All of this is an important first step toward a return to normal. We owe a debt of gratitude to our community partners and health care professionals who have made these vaccinations possible.

Our district leadership team came together earlier today for a virtual Administrators Meeting and I just want to say how proud I am of these dedicated professionals for remaining focused on the important work we do. Regardless of specific roles or responsibilities, our team is working hard to meet the needs of students - academically, emotionally and physically. There is just no other way to say it: We love our kids.

There is a lot that goes into those four simple words. But for everyone within the sound of my voice tonight, I just want to say THANK YOU for putting “Kids First” in everything you do.

8.2. Karen Feldhaus - Regional Speech Coach of the Year

Karen Feldhaus has been named Regional High School Coach of the Year by her peers, members of the Kentucky High School Speech League, which includes speech coaches from Daviess, Bowling Green, Warren and Franklin Counties. She now advances in consideration for statewide coach of the year honors.

Ms. Feldhaus, who is the speech coach and theatre director at Daviess County High School, has taught for 25 years and served as a speech coach for 24 years. Under her leadership, her teams have earned regional championships or been named runners-up for more than a decade.

Ms. Feldhaus said being honored by her colleagues is meaningful but her greatest reward is the knowledge that she is making a difference in the lives of her students by nurturing confidence and communication skills.

This outstanding educator knows that the rewards of competition go far beyond scores and winning. She focuses on helping students find the joy in sharing their stories and messages - empowering them for a lifetime of self-advocacy.

Ms. Feldhaus is currently preparing her teams for state tournaments and we have no doubt they will represent their schools and our district proudly.

Although we are not able to recognize her in person, Supt. Matt Robbins is sending a letter of congratulations and a token of our appreciation to her. If she is tuning in tonight, I want to add, on behalf of the entire Board of Education, our thanks to Ms. Feldhaus for setting an example of what is possible when we are determined to overcome challenges and obstacles. This year more than ever, Karen Feldhaus is teaching her students the lessons that truly make a difference for a lifetime. Thank you.

14.2. Construction Report (Written Report)

AHS Phase III Addition

Work during the past 30 days include continued CMU and metal door frame installation. Horizontal beams have been installed in the Atrium, and the slab on grade has been completed. The next 30 days will see in wall electrical rough in, joist/deck installation, elevated slab prep, and completion of the masonry walls in the Ag wing. Masonry walls, electrical in wall rough in, and a

start on setting bar joist highlight work on the Engineering wing during this period. Construction will also start on the connector between the addition and the school.

AHS Phase IV Renovations

Design Development drawings for the renovation were approved at the January Board meeting. RBS Design is now working on the construction documents. This project is scheduled to go out for bids in June.

AHS Sidewalk

Work is in progress on the new sidewalk that will connect the campus to Southtowne Boulevard. The sidewalk is 90% complete and is scheduled to be completed in the next four weeks.

New Middle School

The past 30 days have seen ongoing work on the building front and 8th grade wing footings as well as stem walls. These are scheduled to be completed by the end of the month. Below slab block foundation and wall work is also in progress in these areas. The plumbers and electricians are working on the underground rough-in at the front of the building. The electrical primary conduit from the south side of the property has been installed and covered. Storm drain piping and structures at the far north end of the site are installed and functional.

The next 30 days will see continued foundation work along with underground plumbing and electrical installation in the front portion of the building. Site storm drainage piping installation will be on going. Kenergy is scheduled to pull primary conductors to the site and install the primary transformer.
