MLES will be SOAKED with fun today!

Meadow Lands Elementary School students will be SOAKED with fun and inspiration at 1 p.m. today (Thursday, May 2) as they take part in a wild and wacky event designed to motivate them with energy, enthusiasm and positive attitudes in preparation for the K-PREP state assessment.

The ReMix Education Group will be on hand with human hamster balls, toilet paper guns, crazy mascots and much more, as kids enjoy a water and field day as a reward for their good-faith efforts.

The day's activities will be focused on being SOAKED, which stands for:

Sleep – Get a good night's rest before testing!
Own your time – Know how much time you have, and use it wisely
Attendance – Be at school and on time
Know your answers – Are they complete and neat?
Eat a good breakfast – Fuel up with a healthy and nutritious breakfast!
Do your best! – Have a positive attitude and give your best effort!

The MLES Parent-Teacher Organization is sponsoring the day's activities, which principal Kevin Lowe said is a great way to motivate students for next week's testing.

"The overall message to our students is not that they receive a certain score or grade, but to know they've given their best effort throughout," Lowe said. "One test certainly doesn't define who they are or what they can accomplish in life, but it's important to always know we have done our best."

Note to media – Our media partners are invited to join the fun at Meadow Lands Elementary School at 1 p.m. today. MLES is located at 3500 Hayden Road. For more information, contact Kevin Lowe at 270-852-7450 or kevin.lowe@daviess.kyschools.us
