

Agriculture Academy

This academy is designed for students who have an interest in exploring many pathways in the field of agriculture, including agriscience, agribusiness, welding and construction, and animal science. Students will have the opportunity to participate in internships and apprenticeships with local agribusiness leaders.

- Students may enroll in Principles of Agriculture as early as grade 8.
- Students may choose one of two pathways in agriculture when entering high school: Dual Credit or Trades Exploration.
- Courses in both pathways are offered at the student's high school and will not require travel to an off-campus location.
- Dual Credit opportunities are offered through the Murray State University Racer Academy, with up to 18 hours of dual credit possible.
- Tuition is based on the standard dual credit rate each year.
- Dual credit scholarships are available to juniors and seniors.
