

Engineering Academy

The Engineering Academy is perfect for students who have a love for engineering, reverse engineering, robotics or computer science. Students are exposed to a variety of engineering fields and careers and work closely with professionals in the field of engineering, including visits to engineering college and career locations.

- The Engineering Academy is open to students in grades 9-12.
- Engineering Academy courses are located at Apollo High School. Students may enroll in either morning or afternoon sessions.
- Qualifying ACT scores are required for participation in the Engineering Academy.
- Interested students may apply online at www.ApolloPLTW.weebly.com Click on "Apply Today." Applications are open from mid-January until June 1 each year for enrollment in fall courses. Acceptance letters will be mailed beginning in early April.
- Up to 22 total hours of college credit are available through Owensboro Community and Technical College.
- Scholarship options are available.
