

Life Science Academy

The Life Science Academy was created for students who have a love for health and biomedical sciences or have an interest in a healthcare career. LSA students are engaged in hands-on experiments and learning opportunities and work closely with experts in the fields of medicine and health science.

- The Life Science Academy is open to students in grades 9-12.
- Life Science Academy courses are located on the Owensboro Community and Technical College campus.
- Bus transportation is available.
- Qualifying ACT scores are required for participation in the Life Science Academy.
- Interested students may apply online at www.LifeScienceAcademy.net. Click on "Apply!" Applications are open from mid-January until June 1 each year for enrollment in fall courses. Acceptance letters will be mailed beginning in early April.
- Up to 16 hours of college credit are available through Owensboro Community and Technical College.
- There are currently no tuition fees for this program.
